Fax 631 491-8572

January 27, 2017

Dear Parent/Guardian:

As you can imagine, situations arise during the course of the school day which may necessitate that a particular student speak with any number of school staff members, including the school psychologist, the guidance counselor or social worker. At times, and as circumstances warrant, the need for communication with students by various staff members must be immediate or accomplished in a timely fashion. There is no obligation upon the District to first request the consent of a parent or guardian before allowing staff members, such as the school psychologist, guidance counselor or social worker, to speak with a student regarding any matters that are reasonably related to school purposes.

Please be assured that communications between District staff and students are appropriate and designed to safeguard the health and safety of all students.

If you have any further questions, please contact me.

Thank you.

Sincerely,

Dr. Mary Jones  
Superintendent of Schools
